

Photography exhibition at the Terminal of Chişinău International Airport

Between September 20-27, passengers at Chişinău Airport have the opportunity to admire a photography exhibition organized by the Civil Aviation Authority.

This exhibition provides a retrospective on the evolution of civil aviation across several segments: Air navigation services; Aircraft maintenance organizations; Ground handling services; Flight and cabin crews; the Terminal and Chişinău International Airport, among others.

We invite you to discover the key moments and significant transformations that have shaped civil aviation over time!
